

PRICING INFORMATION

Here at The Wellness Way-Granville we want to be upfront about what each service may cost you and which is billable or not billable to insurance. This way you can make the best decision for you and your family. Please note that all the prices listed below are approximate and may vary slightly by location. Check with your local Wellness Way for payment options and in-network insurance providers. Insurance providers can also be found on our website under the New Patient Tab by clicking on the city of your clinic and reading their FAQ section.

DIAGNOSTIC TESTING (LAB WORK)

- Lab work is based on the individual and varies greatly in price. The Wellness Way does not up-charge for lab testing. We charge exactly what the labs charge us.
- Some lab work is billable to insurance and some is not.
- Pricing and insurance information will be gone over by a doctor or staff member when the test kit or order for blood work is given.
- Consultations to go over lab results and discuss plan of care ARE NOT included in the price of the lab test.

SERVICES THAT MAY BE BILLABLE TO INSURANCE THROUGH SUPERBILL

- Please note that just because a service is billable to insurance does not mean it will be covered by your insurance provider.
- Chiropractic care plans available for purchasing discounted bundled visits
- Some of the services are billable to Medicare
